*New Era of exporting is happening now!*

## AFTER THE OPENNING!

Following the successful launch of our first export and end-to-end consolidation facility in Sydney, NSW, we've officially started processing orders directly for our overseas customers.

We've quickly settled in, efficiently handling numerous orders, with several shipments already on their way.

## Big Brands

### PARTNERING WITH US

During July and August, we forged partnerships with several leading Australian brands. We expect these new suppliers to drive significant overseas demand, enabling us to expand our reach and effectively promote our existing partners' brands to a broader customer base.

## Reaching New Markets!

This month, we've successfully completed multiple orders from start to finish, with several shipments dispatched in August. We've consistently filled containers with our partners' brands, ensuring a strong presence in every shipment.

Our goods have reached the MENA region, China, and Southeast Asia, marking significant progress as we continue to expand our footprint in the Asian market.

## MEET CHANTELE - MC LINKED NEW MEMBER!

Hello Partners,

I'm Chantelle Strano, and I'm excited to introduce myself as your new Account Manager. With a solid background in administration and sales at leading finance companies, I'm well-prepared to support you throughout your time with MC Linked.

Aligned with MC Linked's goals, my focus is on driving excellent and consistent sales results together. My role is to ensure you receive the support and attention you need throughout your contracts and beyond. Please don't hesitate to reach out with any questions—I'm looking forward to connecting with each of you soon.

Chantelle Strano
